

ICS Chartr EP 200 Cart

This cart was designed to accommodate the Chartr EP 200.

- Mobile cart with smooth radius-edged shelves in a high-durability thermo-plastic laminate that resists cracking or chipping.
- Large 4" (10cm) casters make transporting equipment easy over various floor surfaces and elevator thresholds.
- Ergonomic handle for easy transition of equipment.
- Sleek slate blue and grey color coordinates with the Chartr EP 200 hardware.
- Large locking drawer gives plenty of room for storing supplies and documents and moves in/out smoothly on full extension ball-bearing glides.
- Metal bin with 4" (10cm) high sides keeps the Chartr EP 200 Pre-amplifier and VEMP Monitor in place while transitioning equipment.
- Cable bin organizes the power supplies and stores the main outlet cable.

Dimensions:

Size (W x L x H)	63cm x 62cm x 89cm (25" x 24.5" x 35")
Weight	41kg (90 lbs)
Upper shelf	63cm x 52cm (25" x 20.5")
